NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2017

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report covers The Islamic Schools of Victoria (Werribee College) Inc., domiciled at Sayers Road, Truganina, Victoria, as an individual entity. The Islamic Schools of Victoria (Werribee College) Inc. is an association incorporated in Victoria under the Associations Incorporation Reform Act (Vic) 2012 and since 2012 has also been registered under the Australian Charities and Not-for-profits Commission Act 2012. The financial report is presented in Australian dollars and the amounts presented in the financial statements have been rounded to the nearest dollar.

The financial report was authorised for issue by the Members of the Council on the date of signing the Declaration by Members of the Council.

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and Interpretations issued by the Australian Accounting Standards Board ('AASB'), the Australian Charities and Not-for-profits Commission Act 2012 and the Associations Incorporation Reform Act (Vic) 2012, as appropriate for not-for-profit orientated entities.

Historical Cost Convention

These financial statements have been prepared under the historical cost convention.

Critical Accounting Estimates and Judgements

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the incorporated association's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 1(n).

(b) New, revised or amending Accounting Standards and Interpretations adopted

The incorporated association has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the incorporated association.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c) Going Concern

At the reporting date, the Council notes a working capital deficiency of \$7,075,338 (2016: \$6,744,446).

Notwithstanding the above, the Council have prepared the financial report on a going concern basis and are satisfied this is appropriate for the following reasons:

- included in current liabilities is the Bank Bill Business Loan Redraw Facility of \$8,000,000 of which \$118,491 was utilised at 31 December 2017. Additionally, the Bank Bill Business Loan of \$4,500,000 (used to fund the new secondary buildings) has been fully drawn down at 31 December 2017. The facilities have a 3 year term subject to annual review. There is no indication they will not be renewed at the annual review. The Council confirms that at the date of approving the financial report there have been no breaches of the conditions of the loans; and
- the Council has prepared a forecast of cash flows for a period of five years from the date of approval of the financial report and believe they have sufficient funds to meet the obligations to creditors as they fall due.

For the reasons stated above the financial report has been prepared on the going concern basis which assumes the realisation of assets and the discharging of liabilities in the normal course of business and at the amounts stated in the financial report.

(d) Income Tax

The association does not provide for income tax as it is exempt from income tax pursuant to the Income Tax Assessment Act 1997.

(e) Revenue

Revenue is recognised when it is probable that the economic benefit will flow to the association and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Revenue from government grants is recognised when the grant is received or when the right to receive the grant has been established and the amount of revenue can be measured reliably. Grants received that relate to periods beyond balance date are treated as grants received in advance and appear as current liabilities in the statement of financial position.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

All revenue is stated net of the amount of goods and services tax (GST).

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2017

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of an asset or as part of an item of expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

Cash flows are included in the Statement of Cash Flows on a gross basis, except for the GST component of cash flows arising from investing and financing activities which are disclosed as operating cash flows.

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(h) Receivables

Trade accounts receivable are generally settled within 30 days and are carried at amounts due. An allowance is raised for any doubtful debts based on a review of all outstanding amounts at balance date. Bad debts are written off in the period in which they are identified.

(i) Financial Instruments

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

Financial Liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

(j) Plant and Equipment

Each class of plant and equipment is carried at cost less, where applicable, any accumulated depreciation and accumulated impairment losses.

The carrying amount of plant and equipment is reviewed annually by the association to ensure it is not in excess of depreciated replacement cost. The carrying amount of assets is immediately written down to its estimated depreciated replacement cost if its carrying value exceeds this.

FOR YEAR ENDED 31 DECEMBER 2017

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(j) Plant and Equipment (Cont'd)

Depreciation

Depreciation is provided on all fixed assets so as to write off the assets over their useful lives and has been charged on a straight line basis using the following depreciation rates:

Leasehold Buildings	4%
Plant and Equipment	10% to 50%
Furniture and Fittings	10% to 40%
Motor Vehicles	22.5%
Library	5%

(k) Impairment of Assets

At each reporting date, the association reviews the carrying value of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's depreciated replacement cost, fair value less costs to sell and value-in-use, as applicable, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Profit or Loss.

Where it is not possible to estimate the recoverable amount of an individual asset, the association estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(l) Accounts Payable

Trade accounts payable, including accruals not yet billed, are recognised when the association becomes obliged to make future payments as a result of a purchase of goods or services. Trade accounts payable are generally settled within 30 days.

(m) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at the amounts expected to be paid when the liability is settled plus related on-costs. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the association to employee nominated defined contribution superannuation funds and are charged as expenses when incurred.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2017

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(n) Critical accounting judgments, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events that management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Estimation of useful lives of assets

The incorporated association determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

Provision for doubtful debts

The Association reviews trade accounts receivables and actively engages with outstanding debtors to collect amounts owed. At balance date an allowance for doubtful accounts is recorded based on the student status of the family, payment plans in place, aging analysis, and specific known doubtful accounts. An allowance for a doubtful debt is made when there is objective evidence that the Association is unlikely to collect the debts. As at 31 December 2017 an allowance for doubtful debts has been made amounting to \$389,733 (2016: \$205,288)

Employee benefits provision

As discussed in Note 1(m), the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

2. FINANCE FACILITIES

Financing Arrangement

At balance date the college had access to a Bank Bill Business Loan Facility with a redraw option. At 31 December 2017 the facility was for \$8,000,000 and \$118,491 had been drawn upon. Additionally, the Bank Bill Business Loan of \$4,500,000 (used to fund the new secondary buildings) has been fully drawn down at 31 December 2017. This facility is for 3 years, interest only for one year and then monthly repayments of \$75,000 per month for 2 years.
