

Parent Log-In Guide (ATC)

What is Schoolbox?

Schoolbox is a virtual learning environment (VLE) for K–12 schools. It's a unique all-in-one learning management system (LMS), portal and intranet. Schoolbox is self or cloud hosted, integrated, flexible and secure. Share, teach and learn online with Schoolbox.

Accessing Schoolbox as a Parent

Web Address: <http://schoolbox.wicv.net>

Username: *(the same as your Synergetic username, as provided by the school)*

Password: *(the same as your Synergetic password, as provided by the school)*

General Navigation

When you first log in to Schoolbox, you will see your dashboard. This is customised for your role as a parent, by the school.

Once you have logged in, the two main areas you will see are:

- ✓ The left-hand side menu, with links to important documents.
- ✓ The top-of-screen menu, where you can find information on your students' assessment, and can access the school calendar. In the right-hand corner of this menu are the notifications – this will be red in colour if you have pending, unread notifications from the school.

Seeking Assistance

If you have any trouble logging into your account, please click on 'Support and Feedback' (circled in red above).
