

2021 The Arts Pack Information Sheet

Dear parents,

The Arts Department at Al-Taqwa College is working hard to make sure *all* our students are extremely safe when learning in the Art Classroom.

For 2021, we ask that you buy an Individual Art Pack through the links supplied below, from our specialised Art supplier Zart Art. These packs will then be mailed directly to your home.

For Years 6-9, **Junior Art Packs** will be used in either Art, Drama, Visual Communication and Design or Media, in either Semester 1 or Semester 2, 2021.

For Years 10-12, **Senior Art Packs** will be used in Pre VCE Studio Arts/VCD/Media at Year 10 and in VCE Studio Arts and Visual Communication and Design in Years 11 & 12.

The packs include all the necessary materials, and come pre-packaged in a plastic carry case (as pictured) which can be sanitised easily.

Some items included are; graphite pencils, watercolour paints, brushes, A4 visual diary and painting paper. Your child will have all the basic items they need. All items are quality art products. A short video will be placed on Schoolbox demonstrating the effective use of all the products during an Art lesson.

*Please Note: Art supplies will not be shared in the classroom for 2021. In order for your child to be able to successfully meet requirements, we ask that you purchase through the **Zart Art links provided***

Please support your child's ability to progress in the Arts area of learning and ensure they are prepared for 2021 by ordering their specific pack early. Your child will be responsible for his/her Art materials and must take care of them and not share them. They must always bring them to Arts class and take them home on the same day, not leave them with others or at school

For any questions or enquiries, please feel free to email the following Arts Department members

We look forward to creating wonderful art together!
