

2022 *The Arts*: Art Pack Information Sheet

Assalamualaykum Parents,

As we return to a new year, *The Arts* Department at Al-Taqwa College is working hard to make sure *all* our students are extremely safe when learning in the Art Classroom.

For 2022, we ask that you buy an Individual Art Pack through the links supplied below, from our specialised Art supplier Zart Art. These packs will then be mailed directly to your home.

For Years 6-9, **Junior Art Packs** will be used in Visual Art, Drama, Visual Communication and Design, and Media, in either Semester 1 or Semester 2, 2022.

For Years 10-12, **Senior Art Packs** will be used in Pre VCE Arts (both Drama/Media and Studio Arts/VCD) at Year 10, and in VCE Studio Arts and Visual Communication and Design in Years 11 & 12.

The packs include all the necessary materials, and come pre-packaged in a plastic carry case (as pictured) which can be sanitised easily.

You will only need to buy *one* pack per student, per year.

Some items included are; graphite pencils, watercolour paints, brushes, A4 visual diary and painting paper. Your child will have all the basic items they need. All items are quality art products.

*Please Note: Art supplies will not be shared in the classroom for 2022. In order for your child to be able to successfully meet requirements, we ask that you purchase through the **Zart Art links provided***

Please support your child's ability to progress in *The Arts* area of learning and ensure they are prepared for 2022 by ordering their specific pack early. Your child will be responsible for his/her materials and must take care of them and not share them. They must always bring them to class and take them home on the same day.

For any questions or enquiries, please feel free to email the following Art Department members bcura@wicv.net or srodriguez@wicv.net

We look forward to creating wonderful art together!
